QUOTE OF THE MONTH

You... are a meathead... *Archie Bunker*

TRIVIA

For last months trivia question, The 1962-1964 Max Wedge engines weren't built at the regular big-block engine assembly plant. Who built these engines ?

The answer: is the Chrysler Marine and industrial Division.

For March, the trivia question is: What was the first Mopar musclecar to feature an in-dash tachometer?

TRUE TOOL DEFINITIONS

These tool definitions should be of great help for those in selecting new tools for their garage.

OXYACETYLENE TORCH: Used almost entirely for lighting various flammable objects in your shop on fire. Also handy for igniting the grease inside a wheel hub you're trying to get the bearing race out of.

Stay tuned next month as we define more useful shop tools.

Video Night

Kenny O'Neil

The video night can be deemed a success, if a small one. The selection for the night included a gasser reunion dvd brought by Russ Kauerz and some of my videos of car shows and past club get togethers. The showing of the 1988 fall picnic/ car games seems to be a particularly popular one. Bobby also brought a tape but I don't have a VCR in my great room so we couldn't watch it. Thanks anyway Bobby! There was a good selection of food, many thanks to everyone who brought eats. I also finally got to see Ray Fudge's '41(?) Plymouth for the first time, I like!

My thanks to the reliable diehards who came on February 27- Russ, Ray, Bobby, Fritz, Mike and David. I think I speak for everyone when I say that an enjoyable time was had by all!

UPCOMING CLUB EVENTS

- April 17, 2010- Kiwanis Club car show- we're judging so please support this show! Location- The Shops of Forest Hill, 3180 Village Shops Drive, (Parking lot north of the Malco Theater 8 Cinema near Poplar and Forest Hill Irene. Registration starts at 8:00, cost \$25.00.
